

REMARKS

After review of the "CLAIM AMENDMENTS" section of the office action response filed by Applicants on 4 March 2005 it was found that claim 26 was omitted consequently all of the remaining claims were shifted by one Roman numeral. A corrected "CLAIM AMENDMENTS" section is provided as a substitute for this section previously filed.

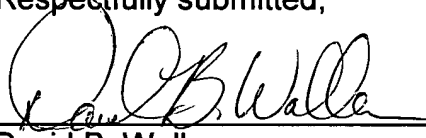

Applicants believe to the best of their knowledge that the substitute "CLAIM AMENDMENTS" section adds no new matter to the specification.

CONCLUSION

Applicants request that the Examiner accept the substitute "CLAIM AMENDMENTS" in response to the Notice of Non-Compliant Amendment.

Respectfully submitted,

Date: 23 June 2005
